

Language Training Intensive One-to-One Coaching

Accommodation included

A unique opportunity to improve your business language skills. Enjoy the benefits of one-to-one coaching whilst staying in the historic seaside resort of Hastings.

For the duration of your stay, you will have your own private trainer. Mr. Stewart Rush is a native English speaker who coached and trained directors and senior managers from leading companies such as Aldi, BMW, Datev, Deutsche Bank, Lucent, Pfizer and Siemens as their personal trainer. For the last ten years, he lived in Germany.

This offer is particularly relevant for internationally orientated medium sized companies as well as major enterprises and private individuals. The greatest benefits can be achieved if language skills of the level “intermediate” or “advanced” are already present. On request, training can also be provided for teams, to enhance team building skills through role playing in a unique environment.

The Plan:

You are met by your own personal trainer who will be with you during your stay, apart from the personal times you need. All your wishes will be provided for.

Here are some of the leading topics:

Intercultural appreciation:

- Understanding and working in international environments
- Understanding protocol in meetings and discussions
- How to behave in areas such as timekeeping and appearance
- These are all areas where first impressions are the most important

Business support:

- How to get active in business meetings
- How to commit to clinching deals not just price based
- How to locate the decision makers inside companies
- How to build a product
- How to achieve better service levels

Being yourself:

- The brand called *you* will help you discover the talents you have
- “Smalltalk is big talk”; How we present ourselves to win the trust of our clients
- How our own behaviour can influence the trust of our client

Location:

Hastings with its population of 84,000 people is one of the most popular seaside destinations in England. It has a beautiful old town, is known for its caves once inhabited by smugglers and pirates, an uncounted number of fish&chip shops and many traditional pubs. There are multiple ways to get to meet local people by enjoying the many live music venues, and relax by playing golf.

Hastings is easily reachable from the seaport of Calais. If you prefer to travel by train, you can take the Eurostar from Brussels. The closest airport is Gatwick Airport, only 38 miles from Hastings. London is only a one and a half hours drive away by car or train.

Accommodation:

You will be accommodated in a traditional Victorian house on a hill next to the old town. It provides 3 bedrooms (one double, one twin, one single room), a living and a studying room, well equipped kitchen, a comfortable bathroom and big garden with a view onto the near natural park. It is just a 15 minutes' walk to the harbour or the beach and only 10 minutes away from the historic town. Wireless internet access, telephone, fax, television set and digital TV, Videos and DVDs are available.

Costs:

We will tailor the cost to the client, depending on a bundle of options such as length of stay, type of accommodation and social programmes chosen. Prices on application (tel.: +44-(0)20 8852 1998) and from there we can calculate your own private need.

Training as well as accommodation can also be provided in our London locations on request.

We are looking forward to welcoming and offering you a personally tailored programme to your specific needs and wants.

Tel.: +44-(0)20 8852 1998
